Product Description

The second generation PENN Fathom II star drag reel is built with a rigid metal frame and sideplates, now with added features to make it more angler friendly than ever. Featuring our fast gear access sideplate, any angler can service their gears and HT-100 drag system quickly and efficiently. The PENN live spindle design offers long, effortless casts, while the power gear ratios (select models only) give ultimate torque for winching up deep fish. Magnetic casting brake available on 12 and 15 sizes only.

Saltwater breeds a different kind of angler. It toughens you. It cures you like bacon. It leaves you thirsty for the next fight. Hard core saltwater anglers need equipment that is as tough as they are, and as reliable as the rising tide. At PENN, we've been testing the limits of saltwater fishing since 1932, which is why our reputation for durability runs so deep. PENN. LET THE BATTLE BEGIN.
