Solar Charging
2 Hours (1400W Input)

Car Charging
16.5 Hours

More than Fast: The ultra solar charging, more than fast charging experience. Solar charging is reborn with a 2-hour solar charge, supporting a maximum of 1,400W solar power input and an unbelievable 2-hour wall charge (6*200W solar panels). Get ready to explore further with Jackery Solar and more than fast.

Ultimate All-round Safety: Safety is taken to the next level with intelligent BMS and 8 state-of-the-art temperature sensors for accurate, safe temp control. A patented multi-duct design provides 30% improved heat dissipation efficiency, generating 100% product safety. The complete safe charging experience has arrived.

1800W Power Charging 7 Devices: Immense power is now ready at your fingertips. The Explorer 1500 Pro features the Dual PD100W design, two 1800W AC charging ports, two USB-C charging ports, and one car charger, allowing for fast charging of all household devices and gadgets thinkable.

Strong, Reliable, and Durable: The power station is incredibly durable and very long-lasting, with the outer shell having the highest UL requirements, featuring top 94V-0 fireproof material, and passing safety drop standards. Strength and reliability is completely guaranteed.

Power On The GO: Weighing in at just 37.4 lbs, Jackery's all-new Explorer 1500 Pro is 20% lighter than similar products with the same capacity. Also, equipped with a foldable handle, making it easy to carry anywhere you desire. Power on the go is here.

5-Year Long Superb Warranty: If you have any quality problems at all, Jackery is there for you providing all the help you need at any time, allowing the perfect shopping experience.
